

Omar Gamal Mohamed

Front-End Developer | Angular

✉ omargamamam@gmail.com ☎ +201091704570 📍 Cairo, Egypt 🔗 LinkedIn 🐙 GitHub

SUMMARY

Frontend Developer with 1 year of experience specializing in Angular and TypeScript, building responsive and API-driven web applications. Experienced in enterprise HRMS development, Reactive Forms, REST API integration, role-based access control, and multilingual RTL interfaces. Strong knowledge of RxJS, Angular Signals, Tailwind CSS, Git, Jira, and Agile development practices.

EXPERIENCE

Junior Angular Developer - BIGinvest

11/2025 – 08/2026 | New Cairo

Project: **Buy2 HR Management System (HRMS)** :

- Developed and enhanced employee management features using Angular, TypeScript, and Tailwind CSS.
- Implemented employee listing, search, filtering, sorting, pagination, profile navigation, and bulk onboarding.
- Built dynamic forms using Reactive Forms and FormArray with client-side validation and row-level API error handling.
- Integrated REST APIs for employees, roles, jobs, and authentication with loading and error states.
- Added **English and Arabic localization with RTL support** using ngx-translate.
- Worked with Git feature branches, pull requests, Jira, Swagger, and Figma in an Agile team environment.
- **GitHub** [🔗](#) | **Live Demo** [🔗](#)
